

Rogex PRISMA Research Source License v1.0

Copyright (c) 2026 Roger Navarro / Rogex Laboratories.

All rights reserved except as expressly granted below.

This license applies to the Rogex PRISMA software, documentation, reports, figures, examples and related source materials distributed with this repository or package, unless a file explicitly states otherwise.

IMPORTANT SUMMARY

You may use, study, modify and share this software for personal, academic, educational and non-commercial research purposes, provided that you preserve copyright notices and attribution.

You may not sell PRISMA, repackage PRISMA as a commercial product, embed PRISMA inside a commercial product or paid service, or offer PRISMA as paid SaaS without prior written permission from the rights holder.

This is a research source license. It is not an OSI-approved open-source license.

1. Definitions

"Software" means the PRISMA source code, documentation, reports, configuration, figures, models, examples and related materials distributed by Roger Navarro or Rogex Laboratories.

"Non-Commercial Research Use" means use for personal learning, academic work, scientific research, internal experimentation, evaluation, teaching, publication, or non-profit research activities, where the Software itself is not sold, licensed, hosted as a paid service, embedded in a commercial product, or used as

the core of a revenue-generating offering.

"Commercial Use" includes, but is not limited to: selling, licensing, renting, leasing, sublicensing, monetizing, embedding, rebranding, white-labelling, providing paid access to, or distributing the Software or a derivative work as part of a commercial product, paid service, consulting deliverable, device, application, API, SDK, SaaS platform, marketplace product, or closed commercial research tool.

2. Permissions granted for Non-Commercial Research Use

Subject to the terms of this license, you are granted a worldwide, non-exclusive, non-transferable, royalty-free license to:

- use and run the Software;
- study the Software;
- modify the Software for non-commercial research or personal use;
- reproduce the Software for backup, internal research or educational purposes;
- share modified or unmodified copies for non-commercial research, provided this

license and all copyright notices are preserved;

- publish research results, benchmarks, evaluations, screenshots, diagrams or papers that reference the Software, provided attribution is included.

3. Conditions

Any permitted copy, modification or distribution must:

- retain this license;
- retain copyright notices and authorship attribution;
- clearly state significant modifications, if any;
- not imply endorsement by Roger Navarro or Rogex Laboratories;
- not use the names "Rogex", "Rogex Laboratories", "Rogex PRISMA", "PRISMA",

logos or related branding as your own product or organization identity.

4. Commercial restrictions

Without prior written permission from Roger Navarro / Rogex Laboratories, you may not:

- sell, resell, rent, lease or sublicense the Software;
- commercialize a modified or derivative version of the Software;
- embed the Software in a commercial product, device, application, SaaS, API, SDK, clinical tool, neurofeedback product, analytics platform or paid service;
- use the Software as the substantial basis of a product offered to customers;
- remove branding or attribution and redistribute the Software as your own;
- use the Software in a way that competes with commercial licensing of PRISMA.

Commercial licensing is possible only through a separate written agreement.

5. Research outputs

You may publish non-commercial research outputs produced using the Software, including papers, posters, figures, reports, derived metrics and methodological analyses, provided that:

- the Software is cited or attributed;
- no private subject data is disclosed without proper authorization;
- no medical, diagnostic or therapeutic claim is made unless independently validated and legally authorized.

6. No medical or diagnostic authorization

The Software is experimental research software. It is not a medical device. It is not intended to diagnose, treat, cure, prevent or predict disease. It does not

replace professional medical, neurological, psychological or clinical judgment.

7. Third-party materials

This license does not grant rights to third-party dependencies, datasets, libraries, papers, trademarks or assets. Third-party materials remain subject to their own licenses and terms.

8. Contributions

Unless agreed otherwise in writing, any contribution submitted to the project may be used, modified and distributed by the rights holder under this license or a future license for PRISMA. Contributors retain copyright to their own original contributions, but grant the rights holder a non-exclusive license to use them in

PRISMA.

9. Trademarks

No trademark rights are granted. "Rogex Laboratories", "Rogex PRISMA", "PRISMA" as used in this project, associated logos and related marks are reserved by their respective rights holder(s). You may refer to the project for attribution, but you may not use the marks to brand your own product, company or service.

10. Disclaimer of warranty

THE SOFTWARE IS PROVIDED "AS IS", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, ACCURACY, SECURITY OR RELIABILITY.

11. Limitation of liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE COPYRIGHT HOLDER AND CONTRIBUTORS
SHALL NOT BE LIABLE FOR ANY CLAIM, DAMAGE, LOSS, COST OR OTHER LIABILITY ARISING
FROM USE OF THE SOFTWARE, WHETHER IN CONTRACT, TORT OR OTHERWISE.

12. Termination

If you violate this license, your rights under it terminate automatically. Upon
termination, you must stop using and distributing the Software and remove any
unauthorized copies or commercial deployments.

13. Contact for commercial permission

For commercial licensing, collaboration, institutional review or special
permissions, contact Rogex Laboratories through the official project website:
